

Funding Opportunities for Early Childhood Studies & Care

Sponsor	Grant/Program	Description	Deadline
William T. Grant Foundation	Research Grants on Reducing Inequality	Funds research studies that aim to build, test, or increase understanding of programs, policies, or practices to reduce inequality of young people ages 5-25 in the United States, along dimensions of race, ethnicity, economic standing, language minority status, or immigrant origins. Two award sizes: \$25K-\$50K and \$100K-\$600K.	LOI due 5/3/2023 (additional deadline: 8/2/23)
William T. Grant Foundation	Research Grants on Improving the Use of Research Evidence	Funds research studies that advance theory and build empirical knowledge on ways to improve the use of research evidence by policymakers, agency leaders, organizational managers, intermediaries, and other decision-makers that shape youth-serving systems in the United States.	LOI due 5/3/2023 (additional deadline: 8/2/23)
NIH	Pilot Studies to Test the Initiation of a Mental Health Family Navigator Model to Promote Early Access, Engagement and Coordination of Needed Mental Health Services for Children and Adolescents (R34 Clinical Trial Required)	Planning grant to develop and pilot test the effectiveness and implementation of existing family navigator models designed to promote early access, engagement, coordination and optimization of mental health treatment and services for children and adolescents who are experiencing early symptoms of mental health problems. <i>*Related R01 opportunity:</i> https://grants.nih.gov/grants/guide/pa-files/PAR-23-094.html	6/16/2023 (additional deadlines: 10/16/23, 2/16/24)
NIH	Accelerating the Pace of Child Health Research Using Existing Data from the Adolescent Brain Cognitive Development (ABCD) Study (R21)	The Adolescent Brain Cognitive Development (ABCD) Study is collecting data on health and mental health, cognitive function, substance use, cultural and environmental factors, and brain structure and function from youth starting when they are 9-10 years-old and following them longitudinally to early adulthood. This FOA encourages applications proposing the analysis of this public use dataset to increase knowledge of adolescent health and development. <i>*Related R01 opportunity:</i> https://grants.nih.gov/grants/guide/pa-files/PAR-22-137.html	6/16/2023 (additional deadlines: 10/16/23, 2/16/24)

NIH	Small Research Grants for Analyses of Gabriella Miller Kids First Pediatric Research Data (R03)	Support meritorious small research projects focused on analyses of childhood cancer and/or structural birth defects genomic datasets generated by the Kids First program and/or associated phenotypic datasets. Development of approaches, tools, or algorithms appropriate for analyzing genomic, phenotypic, and/or clinical data relevant to Kids First may also be proposed.	6/16/2023 (additional deadlines: 10/16/23, 2/16/24)
North American Society for Pediatric Gastroenterology, Hepatology & Nutrition Foundation	Multiple grant programs	Various funding mechanisms related to pediatric gastroenterology, hepatology, and nutrition , such as young investigator award, mid-level career development award, clinical care grant, nursing research grant, and many more.	7/1/2023
Thrasher Research Fund	E.W. "Al" Thrasher Awards	Focus on projects that are changing pediatric clinical care . Each award is a novel approach to problems plaguing pediatrics. The award is open to applications focusing on any disease or topic within the umbrella of pediatrics, both in and outside the United States.	Concept Paper due 7/19/2023 (full app due 10/28/23)
USAID	MOMENTUM (Moving Integrated, Quality Maternal, Newborn, and Child Health Services, Voluntary Family Planning, and Reproductive Health Care [MNCH/FP/RH] to Scale)	The purpose is to accelerate reductions in maternal, newborn, and child mortality and morbidity in high-burden, USAID-supported countries by increasing the capacity of host country institutions and local organizations to introduce, deliver, scale up, and sustain the use of evidence-based, quality maternal, newborn, and child health services, voluntary family planning, and reproductive health care.	Expires 9/30/2025
