

Funding Alert

Below you will find a selection of upcoming funding opportunities. You can find more grants to support research and programs by searching the online database **SPIN** (*this replaces the Pivot funding database*):

- ***new*** [7-minute instructional video on searching the SPIN funding database](#)
- [Create an account using your NSU email](#) (*new accounts will be approved for access)
- [Log in here once you have an account that is approved](#)
- [When on NSU's campus and internet, you can log in without an account](#)

Want to discuss your project idea or possible funding sources, feedback on your grant documents, or other grantseeking support? **Contact the NSU Grant Writing Manager, Melanie Bauer** (mbauer1@nova.edu).

Early-Career Funding Opportunities (Non-Federal)

| Sponsor | Grant/Program | Description | Deadline |
|---|---|--|--|
| The Clinician-Scientists Transdisciplinary Aging Research (Clin-STAR) Coordinating Center | Research Development & Training Award | Seeking to fund aging research development and training awards that aim to prepare early career investigators for careers in aging-related research and stimulate new collaborations focused on the development of clinically relevant aging research projects. | LOI due 5/1/25 (full app due 7/15/25) |
| The Mark Foundation | Emerging Leader Award | Support innovative cancer research from the next generation of leaders. These grants are awarded to outstanding early career investigators to support high-impact, high-risk projects that are distinct from their current research portfolio. | LOI due 5/5/25 (full app due 7/28/25) |
| The Robert A. Winn Excellence in Clinical Trials | Career Development Award | A two-year program designed to support the career development of early-stage investigator physicians who have a demonstrated commitment to improving patient participation in clinical trials . Clinical research areas of focus include cancer, cardiovascular disease, and immunologic disorders. | 5/12/25 |

| | | | |
|--|--|---|---|
| Pew Charitable Trusts | Grant | Strong proposals will incorporate particularly creative and pioneering approaches to basic, translational, and applied biomedical research . | Nominations due 5/14/25 <i>(full app due 9/3/25)</i> |
| Tuberous Sclerosis Alliance | Grants | Tuberous sclerosis complex (TSC) is a genetic disorder that causes tumors to form in many different organs, primarily in the brain, eyes, heart, kidney, skin, and lungs. We invest in early-career researchers to drive innovative TSC research and to foster a diverse group of researchers dedicated to our shared mission. | LOI due 5/19/25 <i>(full app due 8/25/25)</i> |
| March of Dimes | Basil O'Conner Research Award | For impactful research studies that will advance our translational understanding of, or lead to improved clinical treatment of, any serious medical conditions that affect the health of a woman's pregnancy or the health of mothers and newborns in the first year postpartum. | 5/30/25 |
| American Cancer Society | Research Scholar Grant | For investigators within the first 10 years of an initial independent research career or full-time faculty appointment. Grant proposals are investigator-initiated and may pursue questions across the cancer research continuum , as long as they fit within an American Cancer Society (ACS) priority research areas . | 6/1/25 <i>(additional deadline: 12/1/25)</i> |
| Research Corporation for Science Advancement | Cottrell Scholars | For early career faculty with appointments in chemistry, physics, or astronomy departments. Proposals must contain a research plan, an educational plan, and a clear statement on how the applicant will become an outstanding teacher-scholar with strong academic citizenship skills. | 7/1/25 |
| Russel Sage Foundation | Pipeline Grants | For early-career scholars (Assistant Professors, Lecturers and Adjunct Assistant Professors) to support innovative research on economic mobility and access to opportunity in the US . Interested in research focused on structural barriers to educational attainment, economic mobility, political and civic engagement, and how individuals, communities and state entities understand, navigate and challenge systemic inequalities. | <i>Deadline anticipated October 2025</i> |
| American Society of Transplantation | Early Faculty Development Research Grant | For investigators within five years of their first faculty appointment. To foster the training of early career investigators who have the potential to contribute to transplant science/immunobiology and/or treatment of transplant recipients. | 12/1/25 |

| | | | |
|---|--|---|--------------------|
| Alex's Lemonade Stand Foundation | Early Career Research Programs | Attracting and retaining the best and brightest early career scientists is critical to the future of childhood cancer research. Funding at this stage will encourage and steer promising researchers toward long-term careers in pediatric oncology investigation. | Multiple deadlines |
