

Funding Alert

Below you will find a selection of upcoming funding opportunities. You can find more grants to support research and programs by searching the online database **SPIN**:

- [7-minute instructional video on searching the SPIN funding database](#)
- [Create an account using your NSU email](#) (*new accounts will be approved for access)
- [Log in here once you have an account that is approved](#)
- [When on NSU's campus and internet, you can log in without an account](#)

Want to discuss your project idea or possible funding sources, feedback on your grant documents, or other grantseeking support? **Contact the NSU Grant Writing Manager, Melanie Bauer** (mbauer1@nova.edu).

Funding Opportunities for Chemistry, the Environment, & Health

Sponsor	Grant/Program	Description	Deadline
Environmental Research & Education Foundation	Research Grants	Supports research on sustainable waste management , resource recovery, and the circular economy in the environment. Three priority areas: Climate Change Impacts & Greenhouse Gas Emissions, Emerging Contaminants, and Advancing Materials Circularity & Recycling.	Pre-proposal due 12/1/25
NSF	Human-Environment and Geographical Sciences Program (HEGS)	Supports fundamental research that examines how human behavior interacts with environmental and social processes , advancing geographical theory and geospatial methods through rigorous, impactful studies.	1/16/26 <i>(additional deadline: 8/7/26)</i>
Burroughs Wellcome Fund	Climate Change and Human Health Seed Grants	Small grants up to \$50K to promote growth of new connections between scholars, practitioners, educators, and/or communicators working to understand, spread the word about, and mitigate the impacts of climate change on human health .	1/22/26 <i>(additional deadlines: 4/23/26, 7/23/26)</i>

American Chemical Society	Doctoral New Investigator (DNI) Grants	Provide start-up funding for scientists and engineers by supporting research of high scientific caliber, and to enhance the career opportunities of their undergraduate/graduate students and postdoctoral associates through a research experience in the study of <i>petroleum and fossil fuels</i> .	3/6/26
NIH	Countermeasures Against Chemical Threats (CounterACT) Basic Research on Chemical Threats that Affect the Nervous System (R01)	For basic <i>chemical threats</i> research to inform toxicology of chemical warfare agents and select toxic industrial chemicals and materials that have primary or secondary effects on the nervous system.	10/16/26
NASA	Research Opportunities in Space and Earth Science (ROSES)	Broad solicitation for supporting research in <i>earth, biological, and physical sciences</i> , including support of applied science, technology, and data systems.	<i>Deadlines by program</i>
DoD - Office of Naval Research (ONR)	Long Range Broad Agency Announcement (BAA)	Open call for research in the ONR science, engineering, and technology areas of interest, which include <i>physical oceanography and chemical physics</i> , among other topics: https://www.onr.navy.mil/our-research/onr-technology-and-research	<i>Rolling through 9/30/26</i>
Waitt Foundation	Rapid Ocean Conservation Grants	Small grants (up to \$20K) with a quick turnaround time for solutions to emerging conservation issues and <i>ocean protection in support of island nations</i> .	<i>Rolling</i>
NSF	Environmental Sustainability	Promotes <i>sustainable engineered systems</i> that support human well-being and that are also compatible with sustaining natural (environmental) systems. Research efforts supported by the program typically consider long time horizons and may incorporate contributions from the social sciences and ethics. The program supports engineering research that seeks to balance society's need to provide ecological protection and maintain stable economic conditions.	<i>Rolling</i>

Find a listing of past themed grant opportunities on [this site under the "NSU Funding Alerts" dropdown](#).

Use these prior compilations to better understand the funders in your area, even if the deadlines have passed. Many funders have recurring annual deadlines for grant programs.
